Dear Customers:

Alliance Memory bases our best material content knowledge on information provided by third parties and our suppliers. As of the above date, we herein confirm that Alliance Memory products do not contain any Substance of Very High Concern (SVHC) in concentrations above 0.1% (w/w) as listed by the European Chemicals Agency (ECHA) under the provisions of Regulation (EC) No. 1907/2006 of the European Parliament and of the council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) per the ECHA's SVHC candidate list (ECHA/PR/20/02) published on 25 JUNE 2020 and previous updates.

The latest SVHC candidate list is shown in the following pages. Please be assured that Alliance Memory will continue to monitor the REACH regulations for any newly listed substances of SVHC that may be included in subsequent ECHA candidate lists.
